

ACKNOWLEDGEMENTS

We would like to thank Paul Ormerod and Jeffrey Wood for their help on taxonomic matters; the late G. Hermon Slade and Gerald McCraith, who stirred the interest of the lead author; and Oliver Whalley for the line drawings and maps. We are also grateful to Paul Ormerod for extensive comments and advice on the manuscript; Dr. David Lorcence of the NTBG for his facilitation of this publication; Clyde Imada of the Bishop Museum, who kindly proof-read the manuscript; and the curators of the following herbaria for access to, or the loan of, specimens: AMES, BISH, BM, G, HAW, HBG, K, P, UC, W, Z.
